Powering Your Mobile Devices Anywhere and Anytime

CyberPower
Reliability. Quality. Value.

The CP-BC2200 USB Battery Pack is a rechargeable lithium-ion battery designed for powering mobile devices including phones, MP3 players, cameras, and handheld gaming devices while away from other power sources.

The attached USB charging connector could be used for charging the battery pack itself through any powered USB port. Via additional USB cable, you can do the charging for your devices anywhere, anytime and enjoy up to 40 hours of extra runtime!

Series Features

- Long lasting rechargeable battery with up to 500 cycles
- Light weight and compact design
- Battery capacity LED indicator
- Attached USB charging connector
